

## St. Clair Crayfish Runs up Record Sales At Novi

Like smallies on a post-spawn feed, Ultimate Fishing Show patrons found the hot bait at the show, and wouldn't let it go. Although we had some left in 5" and drop shot tubes, the 4" version of the new, St. Clair Crayfish tube **sold out by 1pm** on Saturday afternoon. Not to worry though, an emergency order has already come in and more are on the way for the next round of shows.

Upcoming is the Outdoorama which will also be at the Rock Financial Showplace. At this show, I'll be featuring Canada's **Bob Mann Sr.** along with me as we do a seminar about the fun parts of bass fishing. I love working with

A crayfish from Windmill Pt. in Lake St. Clair and the bait that matches it. Come and see!

**Bob Mann Sr.** works with customers at the Xtreme Bass Tackle booth.

## NEW MARKED MAPS!

Bob on these seminars because the results are in-depth, entertaining yet spontaneous and so unpredictable.

The *Smallmouth Insider Seminars* will continue as I cross the state, going to Grand Rapids and Lansing. **Dan Kimmel** ([www.greatlakesbass.com](http://www.greatlakesbass.com)) and I will continue to work hard to bring Combat Fishing research techniques alive to anglers who have the desire to elevate their bass fishing to a new level.

### All Marked Maps Available

- Selfridge
- Metro Beach
- Mile Roads
- Grosse Pt. Shores
- Windmill Point
- Askin's Point
- Belle Hump
- Stoney Point
- Stakes 1
- Firecracker
- Lower S. Channel
- Upper S. Channel
- Upper N. Channel
- Lower N. Channel
- Fawn Island

Three new Marked Maps are now here!

**Fawn Island**—Get the most out of mid-summer fishing at this hot spot in the St. Clair River. Locate hot zones with the Marked Map then expand them to suit your unique fishing style.

**The Stakes 1**—This first map of the stakes zone goes from the Bassett to the Chematogan. Spots are highlighted on the flats, drops and depths. Stay on top of this important transition zone all season long.

**Askin's Point**— This flats area holds big fish in both the early and late season. It also includes spots around Peche Island and the Sturgeon Hole.

## Store Upgrade

The Xtreme Bass Tackle Ebay store has been restocked and upgraded. You can now order Combat Fishing newsletters, Marked Maps and combined packages. There's more to come.

I've also begun to write for the "Reviews and Guides" section on Ebay. You can find the first one at:

[http://reviews.ebay.com/Tube-Trailers-Advanced-Bass-Fishing-Techniques\\_W0QQugidZ1000000005217831](http://reviews.ebay.com/Tube-Trailers-Advanced-Bass-Fishing-Techniques_W0QQugidZ1000000005217831)

Most of this is from the Tube Trailer sheet I pass out with the product, but I've added a few more things. This looks to be an excellent tool to bring more customers to the store. If typing all that in is a bit much, you can go to:

Buy > Sporting Goods > Fishing > Freshwater > Baits & Lures > Soft Plastics

Go to: See all related guides...

I'll post more in the future.

## More 2007 Success

Mom worked out the pattern and knocked 'em down at Dickenson.

Jack is a happy camper on the Mile Roads

## Last Years' Big Fish Spots

Gull Island Drift was close to home with big, active fish. Dave Misaras and I had a day to remember.

Strawberry Ridge was a huge sleeper spot.

## CF Newsletter 2008 Strategy

You can expect variety in 2008 coverage. The middle of the Lake will be of great interest, the Middle Channel, the St. Clair River above Stag Island and more.
